Message

The 54th JCI ASPAC Penang Conference Director ERIC TEOH

My dear friends,

2004 JCI ASPAC in Penang is finally over. I hope that the conference leaves you with fond memories. Events of this scale always bring their challenges, but in retrospect, it is the challenges that stretch us, leaving us stronger to deal with life's quests.

It is my hope that such an event has fostered cooperation, unity, perseverance and creativity amongst JCI members. These factors would not only prepare our young aspiring entrepreneurs for the future, but would have a positive impact on society at large.

The events you were witnessing were as they would say "the tip of the iceberg". It is hard to grasp the amount of collective hours, blood and sweat that has gone into this project. For this, I thank everyone profusely who has dedicated their time and effort to this project. But most of all, to those that have attended the conference, because without you, this would not have been possible!

We are looking forward to receive you again in Penang.

2004 JCI ASPAC Penang Logo

Our official logo and mascot is the butterfly. The butterfly being a lively and colourful creation, signifies our goal of hosting a lively, friendly and fruitful international event with pleasant surprises for all delegates.

The many curves in our logo represents the challenges of bringing a group of young Jaycees from 6 different chapters in Penang to work together in hosting this major international event of Junior Chamber. The outline of the butterfly is drawn with only one continuous stroke and this completion of a single stroke represents the unity and determination of the 2004 JCI ASPAC Organizing Committee to overcome all challenges and ensure the success of this conference.
